Message from the desk of Leonard Wiest Interim Town Administrator

The 2018 Street Maintenance Program has been finished for this year. The Town would like to thank all who were inconvenienced for a short time. We appreciate your understanding.

The street program called Micro Surfacing will continue in 2019 with the streets north of Broad scheduled to be completed, and hopefully a good portion of the Centennial Farms subdivision. This process was chosen partly due to being less disruptive to the neighborhood residents than other products available.
