Citizen Comments

Mr. David Chaput, who resides at 1937 Bobbie Drive, Milliken addressed the Town Board and stated that he was representing and speaking on behalf of the other Mad Russian residents that were in attendance. He indicated that the Milliken Government is trying to intervene with their lives having Code Enforcement notice them regarding little items. Mr. Chaput indicated that trivial items such as trash cans not being in the right spot, boats or trailers on the road too long, etc. The residents realize these are part of the Town's Municipal Code, but items such as these have been not noticed for (ten) 10 years and no one has complained. Mr. Chaput said that a resident told him that she was contacted and told to cut her plant that was hanging over onto the golf course property. He also spoke about an incident that happened at the golf course a few years ago regarding a golf cart that had performed a donut on the golf course and tore up the turf. He said a police officer was looking for a resident in the area to point the blame on. It turned out that it was a golf course employee who damaged the turf. Mr. Chaput recommended that the solution to these problems should be handled differently. He prescribed that perhaps the neighbor that is upset about another neighbor leaving a trailer on the road too long should speak directly to the neighbor who is violating. If that doesn't remedy the situation, then it should be brought up to the Architectural Control Committee (ACC) and then if that doesn't work that the Town's Code Enforcement Officer should be contacted. He also spoke about the weeds out by the golf course near hole # 3. Mr. Chaput believes there is a conflict of interest when the Code Enforcement Officer, the golf course manager who is also a Town Trustee and the golf course owner are related. Mr. Chaput indicated that he heard that Trustee Ehrlich was planning to resign from the Town Board and wanted to know the process of how a new Trustee would be appointed if Trustee Ehrlich resigned. Mr. Chaput stated that he has been told that Trustee Ehrlich was doing good work on the Board and hoped he would stay on the Board since he was voted in by the residents of Milliken.

Mr. Chaput spoke about allowing golf carts on the streets in the Mad Russian, he was informed that this is prohibited in Milliken, but he apprised the Town Board that other municipalities who have subdivisions around a golf course allow this usage. Mr. Chaput asked why Chief Benito Garcia was appointed Chief of Police without the required education. He also was told that there is a lot of turnover in the Police Department and wanted to know why the police officers leave. Mayor Tokunaga responded that these issues will be directed to Administrator Brown for a response at a later date.

Trustee Jemiola responding to Mr. Chaput and explained the reasoning behind having a full-time Code Enforcement Officer and how it was important to have this position in the Town of Milliken.

Mr. Bob Kjelland, who resides at 118 Birdie Dr., Milliken was concerned that

code enforcement may be selective in the areas around Town. He said there are violations all around town and could walk around the block surrounding the Meeting House and take pictures of all the violations that occurring in this section of town. He wants to be sure that violations in all of Milliken are being addressed, not just those occurring in the Mad Russian subdivision.

Mr. Reid Hobler, who resides at 800 Mill Iron Rd., Milliken addressed the Town Board and complemented staff regarding the selection of flowers used in the flower pots along downtown Milliken. He stated that they look better than they have in the past. Mr. Hobler also addressed the decision to have a ballot question to increase the Town's sales tax. He stated the he believes this should happen, but wanted to know how the Town Board plans to communicate the necessity of this to the residents. Mayor responded stating that perhaps a site on the Town's webpage indicating what the additional tax would be applied towards. He explained that the Town Board wants to inform the residents where this revenue would be prudently expended.

Mr. Ron Grider, who resides at 153 W. Juneberry, Milliken, wanted to know where the Town is in regard to making a decision regarding the business that is located next door to him. Attorney Michow indicated that the code is currently being reviewed and how it would apply in this particular instance. Administrator Brown stated that they want to make sure that any potential enforcement of the code is applied equally to all residential businesses of this nature. Mayor Tokunaga spoke about home occupations and if the code applies to one home occupation would it apply to another home occupation. He does not want this to be subjective.
