Acknowledgement of the Paid List of Bills

September 2015 List of Bills

Mayor Pro Tem Measner had a question regarding the payment to Cenex for vehicle fuel and expressed that 7-Eleven also sells fuel and the Town should also utilize them. She also spoke about the discrepancy between the amounts spent at Mares Auto, Sumner Automotive and Spradley Barr Ford and that these amounts should be evened out between the two (2) businesses in Town. Trustee Kidd responded that his understanding is that Public Works takes their vehicles to Sumner Automotive and that the Police Department utilizes Mares Auto and the amounts would vary depending upon the type of work performed.

Trustee Kidd had a question regarding the payment to the Humane Society for animal housing and Pets of Northern Colorado for animal housing. Accounting Technician Courtney Diller responded that the Police Chief could best answer this question, but her belief is that pets are taken to the Humane Society to be collected by their owners and that animals taken to the Pets of Northern Colorado are ones that are put down. Trustee Kidd asked if anyone is tracking the work performed and what repairs being done by Diller Mechanical Services. Technician Diller responded that Public Works Director Bill Landwehr is keeping track. Trustee Kidd asked about the equipment rental from the Bobcat of the Rockies. Technician Diller responded that it was the compacter to do the concrete pads at Lola Park. Trustee Kidd also asked about the rental of barricades for Town events, etc. He indicated that this is a yearly event and there should be room to store barricades at Public Works and perhaps this should be mentioned to the Public Works Director. Trustee Kidd asked about the Steamway Floor to Ceiling payment regarding Town Hall upgrades. Technician Diller responded that the floors in the kitchens for the Community Room, Activity Room and the Senior Room were replaced, as well as the tile flooring in the Community Room. The countertop and backsplash in the Community Room kitchen were replaced and both the men's and woman's bathroom sink counters were replaced. Mayor Tokunaga asked when the last time these items were replaced. Town Clerk Powell responded that none of these items have been replaced since the building was completed.

Accepted as presented.

2. Consideration and Approval and Authorization of the Town Administrator to Sign the Contract on the Construction of the Milliken-Johnstown Trail

This will be a crusher fine trail and few other items. There were 7 bids submitted and this RFP went through the Rocky Mountain Bid Center. Ms. Shar Shadowen with Lamp Rynearson is present to answer any questions.

Trustee Jemiola asked Shar Shadowen about the differences in the bid rates that

were submitted. Trustee Jemiola asked if she feels that all the contractors who submitted bids are equally qualified. Shar explained that Lamp Rynearsons estimate was a little high due to figures they used which they based on last spring and summers projects. Shar spoke to other entities regarding Mountain Constructors and was told they could do the work, it's just the timeliness of them completing the work on their deadline. There is language in the contract that penalizes them if they do not complete the project on time.

Trustee Jemiola asked if they are paid during the project or in full. Shar explained that pay apps will be submitted, that there is a 10% retainage withheld.

Trustee Jemiola moved to approve the contract with Mountain Constructors for the Milliken to Johnstown Trail Project for \$185,473.00 and authorize the Town Administrator to sign the contract. Trustee Kidd seconded.
