

## DISCOVERY TRAIL

**Purpose:**

Provide limited public access (pedestrian and wheelchair only) to sensitive areas.

**Activities:**

Passive activities only such as bird watching, photography, plant identification, or quiet observation of the area's character.

**Materials:**

Use 8" thick crusher fines.

**Landscaping:**

Limit disturbance and revegetate with appropriate native materials (see Native Plant Materials Selection Guide).

**Special:**

Discourage through traffic by designing trail to loop back to point of origin, maximum 1/4 mile length. Design trail to encourage traveler to slow down and notice surroundings.
